DETAILED ACTION

Allowable Subject Matter

1. Claims 1-34 are allowed.
2. The following is an examiner's statement of reasons for allowance:

The Prior art of record does not disclose or fairly teach a video golf game with a gauge, shot condition setter and marker display controller that displays a marker indicating the end of a moving range of the cursor according to the shot condition set by the shot condition setter. The prior art of record merely shows video golf games with constant length gauges where the total value of the gauge changes but not the length (US Patent 6,626,756).

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Conclusion

3. The prior art made of record and not relied upon is considered pertinent to applicant's disclosure.

Art Unit: 3714

4. US Patents 6,394,896 and 6,217,444 as well as US 2001/0011035 and 2004/0248630 disclose video golf games that include power gauges having varying features.
